The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

No. XXXIII.—BY-LAW TO REPEAL THE RATES IMPOSED BY THE JUSTICES OF THE PEACE OF THE LONDON DISTRICT, UNDER THE 59th GEO. III., CHAP. 7, AND FOR LEVYING A RATE UNDER THE AUTHORITY OF THE DISTRICT COUNCIL.

Whereas by an Act of this Province, intituled "An Act to provide for the better Internal Government of that part of this Province which formerly constituted the Province of Upper Canada, by the establishment of Local or Municipal Authorities therein," it is amongst other things enacted, "That all existing rates now lawfully imposed in any District, for any purpose within the scope of the powers of the District Council, and in force on the said first day of January, one thousand eight hundred and forty-two, shall continue in force and shall be paid over to and received by the Treasurer, to be appointed under the said Act, for such District, and shall be collected by the Collectors of the several Townships and places within the District, until it shall be otherwise provided by a By-Law of the District Council." And in and by the said Act it is further enacted, "That all rules, orders and regulations of any kind made before the day last before mentioned, by the Justices of the Peace for any District, relative to any rate, assessment, road, public work, matter or thing, thereby placed under the controul of the
